***Telecast Information:** Medical Education Building in Room 3070 at the Irvine Campus. On the campus map it is building #836 http://uci.edu/campus_maps.php.

Statement of Purpose: Grand rounds in Neurological Surgery have been designed to discuss current clinical research as it relates to neurosurgery practices, analyze cases and discuss patient care and treatment and to recognize changes in healthcare system and best practices in the specialty.

Global Objectives: 1. Recognize the scope of current neurosurgical disorders seen in clinical practice. 2. Critically define modern advances in neurosurgical techniques and methods along with their indications. 3. Discuss the outcomes of neurosurgical disease treated surgically.

Target Audience: Neurological Surgeons, Neurologists, Neuro Critical Care, ENT, Orthopedic Surgeons, Trauma Surgeons, PM&R Rehab, Physical Therapists, Radiology, Pathology and others interested in Neurosciences. The topics chosen focus on continuing education in neurosurgery and are particularly directed toward the neurosurgical faculty and residents as well as practicing neurosurgeons in the community.

Accreditation Statement: The University of California, Irvine, School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit Designation Statement: The University of California, Irvine, School of Medicine designates this live activity for a maximum of 1 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure Lecturer: Dr. Peter Carmel declared that he has no financial interest with any manufacturer(s) or any commercial

product or apparent conflict of interest related to the content of his presentation. Dr. Carmel further disclosed that he will not be discussing the use of any unlabelled/unapproved drugs or devices in his presentation.

Disclosure: Course Director/Planners: Daniel Gianni, MD, as activity director, Samer Ghostine, MD, as activity co-director, John Kusske, MD and Laura Pare, MD, as part of the CME advisory committee and Jodi Montano, as administrative staff, have disclosed that they have no affiliations, arrangements or financial agreements which could be perceived as a potential conflict of interest.

ADA Statement & California Assembly Bill 1195: In compliance with the Americans with Disabilities Act, if you have any special needs, please contact Jodi Montano at 714.456.7495, 3 days prior to the meeting. This activity is in compliance with California Assembly Bill 1195 which requires continuing medical education activities with patient care components to include curriculum in the subjects of cultural and linguistic competency. For specific information regarding Bill 1195 and definitions of cultural and linguistic competency, please visit the CME web site at www.meded.uci.edu/CME.
